Workshop Catalogue

Workshops can be tailored to each organizations' goals, timelines, and budgets

A workshop is a hands-on opportunity to learn the skills and history connected to traditional Indigenous crafts. Attending a workshop is a great way to foster cultural understanding and appreciation.

Workshops are in-person or virtual events hosted by your organization, facilitated by Honey Willow. We start the event planning process by choosing: 1) the project, 2) event date, 3) event time frame, and 4) budget.
